

**NEVADA DOCS MEDICAL
RISK RETENTION GROUP, INC.**

SUBSCRIPTION AND SHAREHOLDER AGREEMENT

THIS SUBSCRIPTION AND SHAREHOLDER AGREEMENT (the “Agreement”) is entered into as of the ____ day of _____, 20__, by and between Nevada Docs Medical Retention Group, Inc. a Nevada limited liability company (hereinafter “NDM RRG” or the “Company”) and entities subscribing for and or owning all of the outstanding Common Shares (the “Shares”) of the Company, hereto (hereinafter individually referred to as a “Shareholder” and collectively referred to as the “Shareholders”).

A. The Company is a company with limited liability, duly organized and existing under the laws of Nevada and the Federal Product Liability Risk Retention Act of 1981, as amended by the Risk Retention Amendments of 1986. The Company intends to obtain a captive insurance license from the State of Nevada.

B. The Company plans to engage in the business of insuring or reinsuring various types of Medical Professional Liability and related risks of its Shareholders.

C. The Federal Product Liability Risk Retention Act of 1981, as amended by the Risk Retention Amendments of 1986 and applicable state law require that each insured policyholder of the Company be a shareholder of the Company and each Shareholder of the Company be an insured policyholder of the Company; and therefore, each prospective insured policyholder of the Company will be required to purchase Shares of the Company’s stock upon the Company’s acceptance of the applicant as an insured policyholder; and

D. An application has been made to obtain insurance from the Company and upon acceptance the insured policyholder will be required to purchase Shares;

E. The Company and the Shareholders believe that the growth and success of the Company requires an agreement imposing restrictions, obligations and undertakings with regard to the acquisition and transfer of Shares to guard against Shares being owned by persons who are unwilling or unable to contribute to the success of the Company.

In consideration of the foregoing and in consideration of the mutual covenants and agreements set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree and covenant as follows:

1. SUBSCRIPTION FOR SHARES

Upon acceptance by the Company of an application for insurance, each insured policyholder hereby agrees to purchase Shares from the Company, and the Company hereby agrees to sell Shares to the insured policyholder, pursuant to the terms and conditions set forth herein and in the Company's Articles of Incorporation. The insured policyholder agrees to purchase Shares at a price determined by Section 3.01 of this Agreement concurrently with the initial premium payment for the Insured policyholder's policy. Failure to pay for shares subscribed for in the Company in accordance with Section 3.01 of this agreement, shall allow the Company to cancel the insured policyholder's policy.

2. ELIGIBLE SHAREHOLDERS

2.01 Insureds may include any health care providers or other persons or entities with an insurable interest in such entities that are engaged in any activities similar or related with respect to liabilities arising out of their involvement in providing non-surgical health services who are licensed by a relevant Medical or Osteopathic Medical Board. Insureds shall include only those persons or entities who have an ownership interest in the Corporation and who are provided insurance by the Corporation and are admitted members of Nevada Docs Support Association, Inc., ("the Association").

2.02 To become an insured with the Corporation, the potential insured must meet and satisfy all of the following conditions: (a) each insured must be a shareholder of the Corporation; (b) each insured must be engaged in an activity similar or related to the provision of non-surgical health services; (c) they must be exposed to liabilities similar to those of other insureds of the Corporation by virtue of being in a related, similar or common service, or operations; (d) they must qualify under the underwriting criteria of the corporation for the issuance of a policy of insurance by the Corporation; (e) they must be approved by the Board of Directors of the Corporation (the "Board"); or the Boards designate and (f) they must meet such other conditions as prescribed by the Board.

2.03 No insurance coverage shall be provided pursuant to insureds that is not permissible under the Product Liability Risk Retention Act of 1981, (the "Act"), as amended, 15 U.S.C. Section 3901 et seq. As required by the Act all the shareholders of the Corporation must be provided insurance by the Corporation and all insureds of the Corporation must be owners.

2.04 In the event that any Shareholder does not purchase liability insurance from the Company or one of the Company's designated policy issuing insurance carriers with whom the Company has entered into a reinsurance agreement to assume commercial insurance risks of the Shareholder within 90 days from the date of its purchase of shares, or at any time loses its designation as an eligible Shareholder, the shares of such Shareholder may be subject to repurchase as set forth in Section 6 hereof.

3. PURCHASE OF SHARES

3.01 The initial sales price of Common Stock will be \$1.00 per share for those members who place funds on deposit in an escrow account in advance of State of Nevada approval of this Application. Upon the NDM RRG Application being approved by the State of Nevada, those members will then be entitled to purchase Common Stock for the pre-stated price of \$1.00 per share in an amount equal to funds deposited into said escrow account. Upon approval of the NDM RRG application the sales price of Common Stock will be increased to \$2.50 per share, and remain at \$2.50 per share until 30 days after the issuance of the first NDM RRG policy. Thereafter and through December 31, 2008, NDM RRG Common Stock will have a sales price of the greater of \$5.00 per share or net book value. After December 31, 2008, NDM RRG Common Stock will have a sales price of the greater of \$7.00 per share or net book value.

After July 5, 2007, new shareholders will be permitted to make the required capital contribution in three installments, with 16.5% of the total required capital contribution to be paid by new insured prior to the issuance of shareholder's first insurance policy by Company; 33.5% of the total required capital contribution payable by insured prior to the issuance of the first renewal of insured's insurance policy by Company; and the remaining 50% of the total required capital contribution payable by insured prior to the issuance of the second renewal of insured's policy by Company. Insureds seeking to finance their capital contribution in this fashion shall be obligated to execute a promissory note to Company securing the final two installment payments with said promissory note requiring the insured shareholder to pay interest to the Company at a rate of 0.5% below prime for the unpaid balance; to be paid annually with the insured's next installment payment of capital contribution due. Subject to the approval of the Company's Board, the price per share may be modified by the Company prospectively between installment purchases made by new shareholders, although the total capital contribution initially required by Company from new shareholders shall remain the same. After December 1, 2009 a shareholder may elect to make a one time non redeemable capital contribution in the amount of \$500.00 (five hundred dollars). Shareholders electing this option may further elect, within two years after becoming an insured with Company, to make a full capital contribution to Company pursuant to the terms delineated in this Section 3.01, with the rights of redemption, if any, delineated in Section 6 of this agreement.

3.02 Insured shareholders will not be eligible to purchase additional Shares if such shareholder insured is past due any amounts due the Company.

3.03 Initial members may obtain shares in excess of their minimum required purchase price which shall be calculated as one-half the entering member's mature premium after any rating factors are determined through underwriting. Excess shares so purchased may be transferred to subsequent entering members at the then current offering price for new members, with the proceeds of said share transfer paid to the holder of said excess shares without delay. The Excess Subscribing Member must specify if their shares are to be

transferred to new members on a Last-In-First-Out or a First-In-First-Out basis upon their purchase. No representation regarding the period of time for said transfer to be effected is made.
